The main discussion this evening was the purchase of the 1979 Ford 8000 Dump Truck. It was felt by all that the truck was a much more valuable item than originally thought. The purchase of a new radiator seemed to be the only expense at this time, however the Board felt they should keep their fingers crossed.

Mr. Hull had spoken to Jack Raines about the purchase and he in turn found where the original plow to the truck was located. We should have more information later regarding this.

It was reported that Bennington Township needed tires and it was felt that some of our used tires were in much better condition than the ones they were using. If Bennington was interested it was decided that we would sell the tires for \$25.00 each.

Mr. Hull moved that the meeting be adjourned seconded by Mr. Wince. Motion carried.
