David W. Reeder, Clerk

Again at this session a short business meeting was held as the Zoning Commission had scheduled their public hearing for this night at 7:30. The high water experienced by the Township was discussed. The bridge which was temporarily out on Stout Rd. was repaired the following day by the county, therefore no inconvenience was felt by the residents. This brought to light the fact that there are several bridges in the Township that need major renovation or repair.

Mr. Torrens moved that the meeting be turned over to the Zoning Commission, seconded by Mr. Wince. Meeting adjourned.
