Mr. Hull brought a proposal from C & R Suirfacing for the pads which have been discussed the past recent meetings. After review and discussion it was decided unanimously to proceed with the work within the finances available. C & R could begin almost immediately with good weather.

Mr. Torrens reported that he had spoke with Randy Spiker of The Licking County Disaster Services regarding our application. He stated that the entire county was turned down however they were appealing the decision with the hope that it would be approved. However the Trustees felt there was little hope in light of the Hugo Disaster.

Mr. Hull reported that he and the Road Supt. had inspected the grader noise and that no obvious solution was seen. Jerry will continue to monitor any problems.

Mr. Torrens moved the meeting be adjourned, seconded by Mr. Wince, vote unanimous
