The Trustees reported that the Shelly Comp. will meet on Wednesday of this week in regard to the berming of the Weaver-Smooths Rehab Project. It was felt our Road Supt. should meet with them and he will do so. It was felt this should complete the project.

Mr. Torrens reported the pricing on Road Signs is still in process and that maybe we should look to a company other than the County Engineer's office. This will be further looked into.

The Trustees also discussed the new pads on Stout nad Peat Moss and their pleasure with them. The oil used by Shelly Comp. had to be changed and the Trustees agreed that the increased cost would be justified.
